

GIVE A BEAT

HLTAID001 PROVIDE CARDIOPULMONARY RESUSCITATION + DRUG AWARENESS

COURSE SUMMARY:

This course has been developed to be presented specifically to high school students and individuals 15 years and over. The Provide Cardiopulmonary Resuscitation training, provides the skills and knowledge required to perform CPR in line with the Australian Resuscitation Council (ARC) Guidelines. CPR skills should be updated annually and is recommended for everyone.

In addition, this course will include a presentation on safe living, driving & partying, as well as a component presented on Drugs – the Good, the Bad & The Ugly. This course will be presented to you by a practising on-road Paramedic, who has the skills and experience to answer any questions that you may have. This course has been designed for delivery in schools or for organisations who host youth programs.

CERTIFICATE VALIDITY:

The HLTAID001 certificate is valid for 12mths. Australian Resuscitation Council recommends that cardiopulmonary resuscitation skills are refreshed annually.

COURSE PREREQUISITES

There are no pre-requisites for this CPR course. Students must be at least 14 years of age at the time of attendance and have a valid Unique Student Identifier (USI).

Important note: In order to issue an accredited certificate, CPR must be performed on the floor with no exemptions. Learn more about the Australian Government's competency and assessment requirements for this course [online](#).

FEES \$80 per person
(min. 10 participants for private bookings)

LEARNING OBJECTIVES

The CPR course provides appropriate training for staff who may require CPR training as recommended by the Australian Resuscitation Council (ARC) Guidelines. The comprehensive course comprises of practical assessments plus face-to-face training.

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role.

There must be evidence that the candidate has completed the following tasks in line with state/territory regulations, first aid codes of practice, Australian Resuscitation Council (ARC) guidelines and workplace procedures:

Followed DRSABCD in line with ARC guidelines, including:

Performed at least 2min of uninterrupted single rescuer cardiopulmonary resuscitation

Responded appropriately in the event of regurgitation or vomiting

Managed the unconscious breathing casualty

Followed single rescue procedure, including the demonstration of a rotation of operators with minimal interruptions to compressions

Followed the prompts of an AED

COURSE DETAILS:

The face to face training is 4hrs and covers both theory and practical aspects of CPR Training. Students are required to arrive at least 10 minutes prior to the course commencement or will be refused entry. There is a short multiple choice quiz at the end of the training covering the course theory learnt that day. Students will also be assessed on practical skills as a requirement to pass the course.

Once completed, all students will receive a CPR Quick Guide.

Practitioner Members (RACGP) – The CPR course has been approved by the RACGP Quality Improvement & Continuing Professional Development Program.

Total Points – 5 (Category 2) Activity Number 4883

The training is delivered under the auspices of Healthcorp Pty Ltd RTO 91222. Healthcorp is the RTO issuing the qualifications.
